

Welcome to the programme -specific regulations for the Faculty of Arts Design & Humanities. These are additional requirements, normally in place to address requirements outlined by a Professional, Statutory and Regulatory Body (PSRB). They relate to postgraduate programmes, and students CONTINUING on to levels 5, 6 and 7 of undergraduate programmes (from September 2022). Please refer to the [academic regulations](#) for further details.

Please note, there is a separate set of programme -specific regulations for taught programmes which apply to all NEW* level 4 (first year) undergraduate students from September 2022, both on block delivery programmes and on programmes with other delivery patterns. * This includes students who initially enrolled in 2021/22 and are repeating level 4 in 2022/23.

For further information please contact your [Associate Dean \(Academic\)](#) in the first instance. Alternatively, please contact Sally Lloyd, Department of Academic Quality, sllloyd@dmu.ac.uk.

A summary of the EPA timeline is as follows:

-

End point assessment:

End point assessment activities will be completed over a maximum 6 month period to accommodate work scheduling and cost -effective planning of resources.

The KSBs are consistent with the ARB/RIBA criteria for the Part 2 and Part 3 qualifications. The apprentice must demonstrate the KSBs to successfully complete the apprenticeship.

The EPA will deliver 30 credits from the overall Part 3 credit allocation. The Part 3 award process can only be concluded after the EPA is satisfactorily completed.

The EPA will comprise of two assessment methods as follows: -

Professional Interview supported by Career Appraisal

As the experience included within the Career Appraisal is completed prior to the Gateway, only the Professional Interview will be marked for the End -Point Assessment.

Professional Interview

Case Study Report supported by Design Challenge

The Design Challenge must be undertaken after the EPA start date.

The subject of the Design Challenge must be agreed within 4 weeks of the EPA start date by the Apprentice, Employer, and EPAO.

Case Study Report should include the following: -

The assessment and marking of the Case Study Report must be carried out by two people, an Independent Assessor and an Industry Expert, appointed by the End -point assessment organisation, who have no previous experience of the apprentice

End point - Final Decision

The assessment organisation, which must be registered on the RoEPAO, will make the final decision on whether an apprentice is considered a pass, merit or fail.

Independence

The Independent Assessors and Industry Experts will have no previous relationship to the apprentice and will make a holistic judgement of each apprentice as an apprentice on the basis of the evidence demonstrated by the Assessment Methods set out above.

Performance in the EPA will determine the apprenticeship grade of fail, pass or merit.

Each assessment method will be graded pass, merit, or fail. In order to gain an apprenticeship pass or higher grade, the apprentice must achieve a minimum of a pass in each method.

An apprenticeship pass represents full competence against the standard.

Merit	Pass	Pass
Pass	Merit	Pass
Pass	Pass	Pass
Fail	Pass	Fail
Pass	Fail	Fail
Fail	Fail	Fail

Programme specific regulations for National Design Academy

Students commencing Sept -Dec 2022 & current students within their current year of study (students will transfer to the ED2030 L4 regulations as they move to the next level of study – all levels – see L4 PSR's)

Owning board 0.711

Module length

- The maximum period to complete a 30 credit UG module is 77 days (unless a holiday/interruption/deferral/extension is in place)
- The maximum period to complete a 60 credit UG module is 150 days (unless a holiday/interruption/deferral/extension is in place)
- The maximum period to complete a 15 credit PGT module is 55 days (unless a holiday/interruption/deferral/extension is in place)
- The maximum period to complete a 60 credit PGT module is 180 days (unless a holiday/interruption/deferral/extension is in place)
- Students may submit earlier. Unauthorised late submission of assessment regulations also applies

Undergraduate Progression

65 Progression occurs on a module -to-module (i.e., sequential) basis: a student can progress to the next module providing they are carrying no more than 30 credits of failure. Progression is permitted on unrated results to allow students to progress on their programme of study between assessment boards

Progression between DMU boards is to be managed by NDA/NMA to ensure effective monitoring of students & full adherence to the regulations specified above.

Students must have passed at least 90 credits of modules to progress to the next level of undergraduate study

Repeating an undergraduate level of study

Regulations 1.36 and 1.38 do not apply to this programme.

Repeating Level 4 study is NOT allowed.

Postgraduate Progression

72/73 Progression occurs on a module -to-module (i.e., sequential) basis: a student cannot progress to the next module until the preceding module has been passed. Progression is permitted on unrated results to allow students to progress on their programme of study between assessment boards

Progression between DMU boards is to be managed by NDA/NMA to ensure effective monitoring of students & full adherence to the regulations specified above.

Deferring assessments

126 Students may request a deferral (delay) in submitting assessments or sitting formal examinations. This means that a student can take the assessment at a later date than scheduled without it having an effect on reassessment opportunities. It is treated as a first attempt and the module component mark is not capped. Normally, students will be automatically registered to take deferred assessments at the first opportunity provided.
